RE:

Development	Dublin Mountains Visitor Centre-Strategic Development Initiative
Location	Hellfire Club/Montpelier Hill/Massy's Wood
Applicant	South Dublin County Council
Reference Number	JA0040

Dear Sir,

I would like to object to the above development.

My Name is:

VINCENT O'HAGAN

My Address is:

12 EDRONE DRIVE
KNOCKLYON
DUBLIN D16A9W3

I submit that this development is contrary to sustainable development, principles of proper planning. I also contend it is contrary to the SDCC's Development Plan, including its objectives and policies. I believe that it is a development which is both contrary to the current land-use /zoning of the area and which is also unsustainable/detrimental to the overall ecology/environment of the area.

Please see overleaf a list of additional reasons why I think An Bord Pleanála should refuse planning permission for the above development

Enclosed please find a payment of EUR 50 in respect of the Objection Fee.

Yours Faithfully,

Sustainability/Amenity

- A large part of the funding is coming from Failte Ireland funds which are aimed at large scale commercial activities. Sustainable in that sense is clearly linked to financial sustainability.
- The Business Plan and Planning Statement make conflicting references as to the importance of commercial activity.
- The reality is that a threefold increase in visitors will be sought. There is no Woodland Management Plan or other ongoing control/monitor to ensure the sustainability of the existing environment. The precise references to the types of tourist sought (*Culturally Curious* and *Social Energisers*) in the business plan contrasts markedly to the issues within the EIAR in relation to Biodiversity etc.
- It is extremely worrying that SDCC have no Biodiversity Plan in place and they have no dedicated Biodiversity Officer unlike other Dublin Local Authorities.
- There has been significant confusion demonstrated by SDCC and Coillte to date. They have sent letters to Wicklow County Council and Dun Laoighaire Rathdown County Council about engagement but never once looked to engage with them to find a more suitable site in the whole range of the Dublin Mountains. There is no sense of partnership with other local authorities and no joined up thinking.
 - E.g. One: Within Wicklow County Council Area there is Glencree; it was approved as a visitor centre in 2007-2008
 - E.g. Two: Within DLR County Council there is Ticknock, a vacant site (former Total Fitness Gym) with amazing views which is within a 5 minute, minibus ride of Ticknock/Three Rock. We note that Glenveigh National Park uses a similar 'park and ride' approach to their national park.
- References to preserving the landscape and fauna/flora sit beside the reality of significant negative impacts on the overall environment and visual panorama and the planned destruction of habitats of protected animals -red squirrel and badger. Archaeology that is compared to Stonehenge and World Heritage Sites will be intersected/overridden by stairs for the purposes of tourism.
- SDCC has consistently limited development in this area because of the limitations of the road infrastructure and the overall environment and now plans a threefold increase in footfall - most of which will be casual tourism with no real vision for real education and sustainable development.

Additional Reasons/Comments:

This proposed development would destroy the charm and appearance of the fragile natural environments of Massesys Wood and Montpelier Hill.

The substandard rural roads locally cannot cope with the proposed massive increase in traffic.

The whole proposal is designed to make money at the expense of the existing natural environment, flora, fauna, birds etc.

Yours sincerely,

Seamus O'Hagan

PS: Please add on oral hearing into this application.
